

ADVANCE OF TEN PER CENT GIVEN TO THE STRIKERS.

Philadelphia & Reading Coal and Iron Company Posts Notices Stating Raise Takes Effect To-day.

STRIKE WILL END AT ONCE.

Breaks Expected in the Ranks of the Miners—Mitchell Wears His Usual Air of Mystery.

PHILADELPHIA, Sept. 30.—The following notice bearing date of October 1, was posted to-day in the vicinity of all the collieries of the Philadelphia & Reading Coal and Iron Company, in the anthracite region:

"Philadelphia & Reading Coal and Iron Company, October 1, 1900.

"This company will pay an advance of ten per cent on the wages of all men and boys employed at its collieries. This advance takes effect to-day.

(Signed) R. C. LUTHER, "Superintendent."

Beneath this notice another was posted, which read as follows:

"Fellow Mine Workers, United Mine Workers:

"Do not pay any attention to this notice posted by Mr. Luther, of the Philadelphia & Reading Coal and Iron Co., but wait until you hear from President Mitchell, of the U. M. W. of A., or until you have decided by your local what is right for you to do.

(Signed) "C. B. POTTER."

Mr. Potter is an officer in the district branch of the U. M. W. of A. The regular Reading company advance for the last half of September and the first half of October had previously been fixed at six per cent. above the \$2.50 basis. The scale for the preceding thirty days was at the \$2.50 basis. The advance of ten per cent offered in the posted notice by the Reading company is separate and distinct from the natural scale increase and hence the total increase to the miners would be sixteen per cent.

MITCHELL SNUBBED.

Operators Pay no Attention to Him or the Union—Break Expected in the Ranks of the Miners To-day.

HAZLETON, Pa., Sept. 30.—The posting by the Philadelphia & Reading Coal and Iron Company of a notice granting an increase of 16 per cent to all the employees of its thirty-nine collieries in the Schuylkill valley, did not cause any apparent commotion at the headquarters of the United Mine Workers here to-day. President Mitchell did not know of the action of the Reading company until informed of it by a reporter of the Associated Press. He did not express the least surprise. He refused to discuss the advance, but it is understood that he knew the 16 per cent increase would be made and was anxious to see in what manner the information would be conveyed to the men.

The action of the Reading company in directly notifying its men through posters, indicates that the operators will not recede from their position of refusal to recognize the union.

What President Mitchell's first move will be in view of this new phase of the situation is not known.

Operators Not Considering Mitchell.

"The operators are evidently not taking me into consideration," he said; "but they will wish they had."

Discussing the question of a compromise the national president said it would depend upon circumstances whether a compromise would be considered. When asked if the amount of the increase would be one of the circumstances, he said it would be a consideration.

There is considerable talk to-night that the posting of the notices will cause a break in the strikers' ranks. It is predicted that if this does happen it would mean the end of the strike in a very short time. The labor leaders again reiterated to-night that there will be no break and that the strikers are under perfect control. President Mitchell said he did not order the mine workers' notice to be placed along with that of the Reading company, but he thought it was done as a result of his warning to the strikers last week to the effect that they should not go back to work until ordered to do so by the union officials. The strikers, he said, probably chose the poster scheme as one of the methods of keeping the men in line.

Usual Sabbath Quiet.

The usual Sabbath quiet prevailed throughout the Lehigh valley to-day. A big mass meeting was held at Freeland, which was addressed by President Mitchell and National Committeeman Dilcher. At Lansford, in the Panther Creek valley to-night, a mass meeting was held, which was addressed by National Committeeman Benjamin James. The strikers are making a strong effort to get all the men, about two thousand, now working in the Panther Creek valley to quit. To-night six omnibus loads of McAdoo strikers went to that valley and attended the meeting. It is reported that a number of men will go to that locality to-morrow morning for the purpose of inducing the non-strikers to leave the mines. General Gobin and Sheriff Toole have been asked for protection by the companies operating the mines.

Some Strikers Will Go to Work.

SHAMOKIN, Pa., Sept. 30.—Notices were posted here to-day by the Philadelphia & Reading Coal and Iron Company, to the effect, beginning with to-morrow, an advance of 10 per cent on the net wages of all men and boys would obtain. While some strikers said they were ready to go to work in

the morning, others hold that it would not be wise to act until President Mitchell had issued official notice as to the course the men should pursue. Interest is manifested as to whether the Reading company's collieries would be able to go to work to-morrow, irrespective of the question of the recognition of the mine workers' union by the mine operators.

RULE OR RUIN

Seems to be the Purpose of Mitchell and His Agitators—Order Miners Not to Accept Advance of Ten Per Cent.

SHENANDOAH, Pa., Sept. 30.—Type-written notices, dated October 1, bearing the signature of R. C. Luther, general superintendent of the Philadelphia & Reading Coal and Iron Company, were posted to-day in this town, at Mahanoy City and other places in the vicinity. It read as follows:

"This company will pay an advance of 10 per cent on the wages of all men and boys employed at its collieries. This advance will take effect to-day."

Upon reading the notice, Organizer Harris, whose headquarters at Mahanoy City, issued instructions to the presidents of local branches of the United Mine Workers to warn the strikers against returning to work until so ordered by the officials of the union.

Placards Tacked Up.

Placards were accordingly tacked up throughout the district, notifying the mine workers to remain away from the collieries until President Mitchell should order them to work or until the local branches of the union should take concerted action. Mr. Harris said the Reading company's proposition was not acceptable because the men insist on the abolition of the sliding scale on the \$2.50 basis. They also demand a guarantee that the increase in wages shall be permanent. General Gobin to-day ordered the Twelfth regiment home and the soldiers will leave here on a special train over the Philadelphia & Reading railway at 8 o'clock to-morrow morning. There was a parade of all the troops here to-day, reviewed by General Gobin. The town was full of visitors.

It is stated that since the English-speaking branch of the United Mine Workers was organized here last week, 150 additional members have been enrolled.

Coal Supply Exhausted.

READING, Pa., Sept. 30.—For the first time in years, practically no coal will come over the Reading railroad to-morrow for tidewater. Everything at the mines was cleaned up to-day and to-morrow's product will not be sent out until early Tuesday morning. The company is preparing for extraordinary heavy shipments of bituminous coal from West Virginia this way.

Put a Damper on Settlement.

WILKESBARRE, Pa., Sept. 30.—A prominent coal operator who is in touch with the negotiations now going on looking a settlement of the miners' strike, said to-night that on Saturday night it looked very favorable for a settlement, but it does not look so favorable to-night. The activity of the United Mine Workers of the Schuylkill region to-day has kind of put a damper on things.

DIED IN THE PULPIT.

Rev. Dr. Gregory, a Methodist Minister, Stricken With Heart Disease After Reading a Hymn.

NEW YORK, Sept. 30.—The Rev. Dr. Gilbert H. Gregory passed away to-day in the presence of his congregation at the morning service in St. Stephen's M. E. church, Marble Hill, at the upper end of Manhattan Island.

Physicians had urged Dr. Gregory to retire from active church work, as he had long been a sufferer from heart trouble. They told him that he might live for years if he would cease his labor, but that if he continued to work he was liable to be stricken at any moment. As late as yesterday Dr. Darlington, of Kingsbridge, who was attending Dr. Gregory, warned him against preaching to-day. The clergyman said to his physician:

"I prefer to meet death in that way to retiring and shirking my duty in order to live longer."

Dr. Gregory was sixty-five years old.

He had not preached in St. Stephens for three Sundays on account of heart attacks, but when word was passed around that he would resume his duties to-day the church was filled.

The services had progressed to the singing of a hymn which preceded the sermon. Dr. Gregory arose and read three verses of the hymn, beginning "Love, divine, all love excelling."

Members of the congregation went to his assistance, and two physicians who happened to be passing the church were called in. They saw at once that the minister was beyond human aid, and in five minutes from the time that he was stricken Dr. Gregory was dead.

They had to ride on camels and were almost deserted by their followers. As the country through which they traveled was being devastated by Tung Fu Hsiang's troops, they were unable to obtain even necessities, and they saved no valuables.

BRYAN'S CABINET

In Case of His Election, Will be Named by Dick Croker.—Senator Hanna Does Not Deny a Former Statement.

CLEVELAND, Ohio, Sept. 30.—Senator Hanna arrived home from New York this morning and left to-night for Chicago. It is his purpose to return to New York about the middle of October, but he expects to be in Chicago the closing week of the campaign. In an interview Senator Hanna said he was pleased with the outlook in New York where things were looking better than a month ago.

Referring to his recent interview in this city, in which he was quoted as saying Mr. Bryan had promised to let Richard Croker name one of the members of his cabinet if elected, Senator Hanna said:

"I have never denied that interview. In fact, what I said about Croker and a cabinet position has been substantiated during the past week. I knew what I was talking about when I said that Bryan had promised Croker the naming of one of the cabinet officers. I know that Bryan has promised to let Croker distribute the federal patronage in New York and if Bryan is elected Croker can put former Secretary Edward Murphy in Bryan's cabinet."

WASHINGTON, D. C., Sept. 30.—Secretary of State Hay returned to-day from his summer's vacation in New Hampshire, and to-morrow, will occupy his desk at the state department. Dr. Hill, who has been acting secretary the latter part of the summer, called early in the evening and spent several hours with the secretary. To all other callers Secretary Hay excused himself. There were no new advisers awaiting him. He expressed his satisfaction with the steps taken by this government and gave a final and emphatic denial to the allegations recently set afloat that there were differences of opinion between himself and others

of the administration on our policy toward China.

Mr. Hay said he "was in the usual health of a man of his age," and would resume his regular duties to-morrow.

Beyond the return of Secretary Hay the day passed without Chinese developments.

BISHOP CRANSTON

Preaches to a Large Multitude at the M. E. Conference—Business About Completed—Will Adjourn To-night.

SPECIAL DISPATCH TO THE INTELLIGENCER. CLARKSBURG, W. Va., Sept. 30.—To-day has been a great day for the church people of this city and surrounding communities. All the Protestant churches were supplied by visiting pastors, both at the morning and evening services. But the place of attraction was the opera house, where the bishop preached. The early service was conducted by Rev. B. B. Evans. Long before 10 o'clock the opera house was filled to its utmost capacity and hundreds of anxious hearers were compelled to either seek another place of worship or return to their homes. At 11 o'clock Bishop Earl Cranston, D. D. L. L. D., announced as his text, "And God saw everything that He had made and behold it was very good," Gen. 1:31.

Said the speaker:

"There is enough of theology in this for all needs. We would be untrue to truth if we did not stop to enquire concerning the meaning of this truth. First, I see in the text a worldly satisfaction in the creator."

Referring to the cathedral of St. Peter, the speaker said what must have been the satisfaction of the architect when he beheld its matchless beauty and symmetry. So the Creator must have felt a supreme delight when he looked upon this world and saw the matchless beauty and symmetry of all its parts, and He declared that "All things are good."

The sermon throughout was most excellent and held the attention of the vast audience for an hour. The music furnished by the choir of the Goff M. E. church, was one of the attractive features. Mrs. C. W. Lynch in her usual masterly style presided at the piano.

At the afternoon service the bishop consecrated a number of persons to the office of deacon and elder, and also Miss Shier, of Wheeling, as a deaconess. The conference will likely adjourn Monday evening, as the most of the work is done.

Publishes a Book in Reply to Commissioner Schurman—Left for the Hot-Bed of Anti-Expansion.

Lopez is said to have come here at the invitation of Fisk Warren and he expects to explain to the people the Philippine side of their fight with this country. Lopez is a small man with a yellow complexion and straight black hair. His secretary, who says that he has known Lopez for eight years, is a colonial from Brisbane, Queensland, and describes himself as a Britisher from head to foot. At the dock there was only one man to meet him, a small, sandy-haired man, who was addressed as Mr. George, but to reporters refused to give his name. He saluted the Filipino and together they began a hunt of the dock for Fisk Warren, who finally made his appearance and the party went to the Imperial hotel.

While coming up from quarantine, Lopez gave out the following signed statement:

"My object in visiting the United States is not to interfere in American politics, but solely to tell the American people what the Filipinos desire in reference to the future government of our country.

Know no Parties.

"It has been said that my coming to America is in the interest of certain persons and parties. We, the Filipinos, know no parties in the United States. We have only one desire, viz., to seek justice for our country.

"Those who desire to give us justice will no doubt be glad to know the wants and conditions of the Philippines. All we want is peace with honor to both parties and I hope to be able to show that the conditions of our country are such as to fit us for the maintenance of that independence."

At the hotel he added to the statement the following:

"The only additional matter to which I need refer is the publication of my book on the Philippines. It is chiefly a reply to Commissioner Schurman's report and will contain views of the Philippines, on past and present events, with notes on history and ethnography of the people."

Mr. Warren, Lopez and his secretary left at 3 o'clock in the afternoon for Boston.
